

It takes a village to raise a child!

## Villages CAFÉ

(Children and Families Engaging)

Villages CAFE' is a family focused community-based program for Hillsborough County families with children age 9 - middle school. it is often noted that early intervention is likely to show more benefit than later intervention, and there is substantial evidence that appropriate family-focused prevention can reduce child aggression, school dropout and drug and other substance abuse in adolescence.

Funding for services generously provided by the Childres Board
